Re: Request for records
Request Number: 2025-BSP-00046

Dear Kyle Harlan:

The Department of Labor & Industry is in receipt of your record request, dated January 7, 2025.

The Department understands you are requesting the following documents:

- A current list of all entities approved by the state engaged in and issued Factory Built Buildings insignias and any other entities engaged in offsite construction to be moved in the state.
- A current list of the number of Factory Built Buildings moved into the state and the final destination of these units. i.e. the specific location of where these units were set.
- A current list of all approved inspection agencies (third party, contract inspection agencies, etc.) including formal state approval of the agency(ies) from the state building official or other designated official including qualifications of the agency(ies) and copies of the inspection agencies contract(s) with clients.

As indicated in our previous communication, we are unable to provide the destination of the units. The Department tracks where Factory Built Buildings are built and who is building them but does not track the final location after a sale. I have attached the FBB manufacturers, an FBB list, and approved third party inspectors.

Please contact me if you have any questions.

Sincerely,

/s/ Jennifer Stallkamp
Jennifer Stallkamp
Agency Counsel
