This email is acknowledgement of your public information request. In future correspondence with our office, please reference **24-OPIR-1090** which is the identifier assigned to your request.

If the records requested are a single, specific, clearly identifiable, and readily available public record, you can expect to receive the information within 5 days of acknowledgement of receipt of your request. If your request is for information that cannot be readily identified and gathered, OPIR will work to have that information available to you within 90 days. An estimate of the costs will be provided to you as soon as possible. The cost estimate is based upon the amount of information and the amount of time a state employee will spend searching and gathering that information. If it is not feasible to fulfill your request within 90 days, you will receive notification from OPIR explaining why the information cannot be provided within 90 days. The law allows a response to the request to then be provided within 6 months of the acknowledgement of the request.

It is the goal of OPIR to provide the information you request as quickly as possible. Factors that may prevent a quick response include the complexity of the request, personnel available to conduct a search, many documents that require review for confidential information and redaction, an employee's right to review information related to them, and more.
