This email is acknowledgement of your public information request. In future correspondence with our office, please reference **25-OPIR-305** which is the identifier assigned to your request.

If the records requested are a single, specific, clearly identifiable, and readily available public record, you can expect to receive the information within 5 days of acknowledgement of receipt of your request. If your request is for information that cannot be readily identified and gathered, OPIR will work to have that information available to you within 90 days. An estimate of the costs will be provided to you as soon as possible. The cost estimate is based upon the amount of information and the amount of time a state employee will spend searching and gathering that information. If it is not feasible to fulfill your request within 90 days, you will receive notification from OPIR explaining why the information cannot be provided within 90 days. The law allows a response to the request to then be provided within 6 months of the acknowledgement of the request.

It is the goal of OPIR to provide the information you request as quickly as possible. Factors that may prevent a quick response include the complexity of the request, personnel available to conduct a search, many documents that require review for confidential information and redaction, an employee's right to review information related to them, and more.

Re: Request for records
Request Number: 2025-NUR-00519

Dear Benjamin Miller:

The Department of Labor & Industry is in receipt of your record request, dated March 20, 2025.

The Department understands you are requesting the following documents:

- How many APRNs are licensed in Montana
- How many primary care APRNs are licensed in Montana, Specifically Family Nurse Practitioners and Adult Gerontology Nurse Practitioners
- How many new APRN applications for Family Nurse Practitioner or Adult Gerontology Primary Care Nurse Practitioners did the board receive in
- 2023, 2024, and 2025 (year to date) in order to gauge the number of new graduates each year.

I have attached a spreadsheet of currently licensed APRNs in Montana, which includes name, specialty, and date of licensure.

Please contact me if you have any questions.

Sincerely,

/s/ Jennifer Stallkamp
